

ClearPath UI/UX Wireframes

Document: 03 of 10 Phase: MVP Status: Complete Generated: 2026-04-04

Overview

The ClearPath ecosystem has two distinct frontends:

- 1. **ClearPath Analyzer:** A free, lead-generating tool. Focused on speed, clean UI, and trust.
- 2. **ClearPath Asset Group:** A service landing page for Chicago execution. Focused on conversion and project management.

Design Principles:

- **Mobile-First:** 70%+ of analysis will happen on phones (investors driving for dollars).
- **Minimalist & High Contrast:** Dark mode primary with vibrant accents (green for good deals, red for bad).
- **Progressive Disclosure:** Don't overwhelm the user. Show simple inputs first, reveal deeper data later.
- **The "Tease" (Email Gate):** Give them enough value (ARV, Rehab) to prove the tool works, but hold back the core answers (Cash Flow, Profit, MAO) until they enter their email.

Global Navigation & Layout

Navigation Bar

- **Logo (Left):** "ClearPath Analyzer" (or "ClearPath Asset Group" depending on active site)
- **Links (Right - Desktop / Hamburger - Mobile):** "Tool", "Chicago Service", "Contact"
- **Theme Toggle (Optional):** Dark/Light mode (Default to Dark for a premium feel)

Footer

- Links: Terms, Privacy, Disclaimer ("Estimates are for educational purposes only")
- Copyright info

Screen 1: Analyzer Landing / Home (🏠)

Goal: Get the user to input an address immediately.

Hero Section

- **Headline:** "Analyze Any Real Estate Deal in 60 Seconds."

- **Subheadline:** "Instant ARV, rehab estimates, rent projections, and profit calculations. No spreadsheets required."
- **Primary Input:** Large Google-autocomplete address search bar.
 - *Input Field:* Placeholder "Enter property address..."
 - *Action Button:* "Analyze Deal →" (High contrast primary color)

Social Proof / "How It Works" Section (Below the fold)

- **3 Steps:**
 1. Enter Address
 2. Review Numbers
 3. Make Offers
- **Metrics:** "Data powered by millions of local comps."

Screen 2: Deal Input Form (`/analyze` or Modal)

Goal: Gather the required variables for the calculation engine.

This appears immediately after they click "Analyze Deal" on the hero, pre-filled with their address.

Header: "Configure Deal Details"

- **Address:** `[Pre-filled from previous step]` (Editable)
- **Purchase Price:** `[ $ Input ]` (Required)
- **Property Condition:** Option Selector (Radio buttons or large toggle buttons)
 - `[ ]` Cosmetic (Paint/carpet)
 - `[ ]` Light (Cosmetic + kitchen/bath)
 - `[✓]` Medium (Light + systems)
 - `[ ]` Heavy (Structural)
 - `[ ]` Gut (Full rebuild)

Advanced Options (Collapsed by default "Show Advanced"):

- Down Payment % `[ 25% ]`
- Hold Time (Months) `[ 6 ]`

Action Button: "Run Analysis" (Shows loading spinner when clicked)

Screen 3: The Tease & Lead Gate (`/results` - State 1)

Goal: Prove value, capture email.

Loading State (crucial for trust):

- Skeleton loaders showing "Pulling comps...", "Estimating rehab...", "Calculating cash flow..." for ~2-3 seconds.

Top Section: Property Details

- 1234 W Chicago Ave, Chicago, IL 60622
- 3 Bed • 2 Bath • 1,400 SqFt • Built 1965

Results Section (Partial):

- **ARV:** \$185,000 (Clear, large text)
- **Est. Rehab (Medium):** \$28,000 – \$44,000

The Gate (Overlay/Blur over the rest of the numbers):

- Blurred out boxes for Cash Flow, Flip Profit, and MAO.
- **Overlay Box:** "Unlock the Full Deal Breakdown"
 - "Enter your email to see exact monthly cash flow, net flip profit, and your Maximum Allowable Offer (MAO)."
 - *Input Field:* "Email address..."
 - *Action Button:* "Unlock Full Analysis"
 - *Disclaimer text:* "We respect your inbox. No spam."

Screen 4: Full Results & Service Upsell (/results - State 2)

Goal: Present data clearly and trigger the service upsell if applicable.

(This state replaces the gate after email submission).

Top Section: (Same as State 1)

Grid Layout (2 columns desktop, 1 column mobile):

- **Card 1: Value & Rehab**
 - ARV: \$185,000
 - Rehab Estimate: \$28k – \$44k
 - Condition: Medium
- **Card 2: Flip Economics**
 - Net Profit: **\$34,200** (Color-coded based on deal signal)
 - ROI: 24%
 - Maximum Allowable Offer (MAO): \$154,500
 - *Signal Icon:* ● Strong Flip
- **Card 3: Buy & Hold (Rental)**
 - Monthly Rent Est: \$1,665
 - Net Cash Flow: **+\$247/mo** (Color-coded)
 - Cash-on-Cash Return: 6.2%
 - *Signal Icon:* ● Marginal Deal

Action Buttons (Sticky at bottom on mobile):

- "Edit Inputs" (Goes back to Screen 2)
- "Share Deal" (Copies link)

The Upsell (Conditional - IF address is in Chicago/Cook County):

- A visually distinct banner (e.g., solid brand color background) sitting just below the results.
- **Headline:** "Looks like a solid Chicago deal."
- **Text:** "Need reliable boots on the ground? ClearPath Asset Group handles rehab, leasing, and stabilization in the Chicago market."
- **Action Button:** "Learn About Our Service →" (Links to `/asset-group`)

Screen 5: Asset Group Landing Page (`/asset-group`)

Goal: Sell the execution service to qualified leads.

Design Tone: Professional, experienced, authoritative.

Hero Section

- **Headline:** "Chicago Real Estate Execution, Handled."
- **Subheadline:** "We manage the rehab, lease-up, and exact stabilization of your Chicago investment properties. You fund the deal, we run the project."
- **Action Button:** "Book a Strategy Call" (Scrolls to calendar or opens modal)

Services Grid (3 columns):

1. **Rehab Management:** "From permits to punch list. We execute the scope."
2. **Lease-Up:** "Aggressive marketing and strict tenant screening."
3. **Stabilization:** "Handing you a performing, cash-flowing asset."

Social Proof:

- Logos of lenders or partners (if any).
- Testimonials or mini case studies ("Bought for \$X, Rehabbed for \$Y, Renting for \$Z").

The Pitch / CTA Section:

- "We only take on projects where the numbers make sense. Let's look at your deal."
- Embedded Calendly widget for booking a call.
